

JAMES K. HAHN
MAYOR

EXECUTIVE DIRECTIVE NO. AP-2

Subject: **IMPLEMENTATION OF TEAMWORK LA TO PROMOTE
NEIGHBORHOOD-BASED GOVERNMENT**

TeamWork LA is an initiative designed to foster a more neighborhood-oriented focus in the delivery of City services to communities and facilitate inter-Department collaboration and allow City residents to more readily access City services.

A cornerstone of this initiative is the organization of seven "Neighborhood Service Areas" and "Neighborhood Service Cabinets" that reflect the geographic boundaries of the City's existing seven Area Planning Districts.

All General Managers, Heads of Departments/Offices and Commissions of City Departments that provide services to residents are directed to:

- Serve in these Cabinets as Core and Associate members, as identified by my Office.
- Identify Assistant General Managers, or their equivalent, who will participate in applicable Cabinet meetings.
- Redraw service delivery districts to bring them into conformity with the geographic boundaries of the seven Area Planning districts.

Executed this 5 day of December, 2002

JAMES K. HAHN
